

瑞安建業有限公司  
SHUI ON CONSTRUCTION AND MATERIALS LIMITED

(Incorporated in Bermuda with Limited Liability)

**FOR IMMEDIATE RELEASE**

**Shui On Construction and Materials won  
Best Practice Award 2009 in Corporate Social Responsibility**

Hong Kong, 16 November 2009 - Shui On Construction and Materials Limited (“SOCAM”, stock code: 983) is pleased to announce that it has won the Best Practice Award 2009 in Corporate Social Responsibility (CSR) in recognition of the Group’s commitment and efforts in the area.

SOCAM firmly believes that its long-term success is built on a strong sense of responsibility for its stakeholders and the larger community of which it is an integral part. In 2008, to articulate its commitment to CSR, SOCAM formulated its CSR policy which focuses on its commitment in three key areas, its people, the environment and the community, collectively termed “Shui On - We Care”.

Mrs Vivien Lowe, Executive Director of SOCAM and Chairperson of SOCAM’s CSR Steering Committee, said, “We are honoured to receive the Best Practice Award in CSR, and it is a great encouragement for us in our determination to build a better world. SOCAM will continue working with our people to build a stronger “We Care” culture and contribute to the communities where we operate.”

SOCAM’s “Shui On - We Care” mandate encourages its staff to initiate, organise and execute CSR activities in their operational cities. The Shui On Seagull Club, Shui On’s employee-run voluntary service club formed early in 1982, now has branches set up in the various mainland cities where SOCAM operates, to address specific local needs in serving the communities around them. The company undertakes green initiatives to minimise the impact of its business activities on the environment as well as to encourage its staff to adopt a green lifestyle. In the “Caring for our People” programme, the Group places special emphasis on the level of engagement, health and safety, overall wellness and personal growth of its employees.

Organised by the Best Practice Management Group for the 10th year, the Best Practice Awards are acknowledged as being the showcase for innovative, cutting edge management practices in companies that have reaped operation and customer benefits. The Best Practice in CSR Awards particularly honours companies that go an extra mile in

fulfilling their duties as responsible corporate citizens.
