## **SOCAM's Construction Division won awards in Hong Kong Awards for Environmental Excellence for the second consecutive year**

(Hong Kong, May 2010) - Shui On Construction Division received a silver award and three certificates of merit again in the Hong Kong Awards for Environmental Excellence, organised by the Environmental Campaign Committee, Sectoral Awards for Construction Industry this year, in recognition of its commitment to and outstanding performance in green management.

The Government has been encouraging the construction sector, and all private organisations, to improve their environmental performance since 1994. In line with the Government's initiatives, Shui On Building Contractors Limited and Shui On Construction Company Limited develop green initiatives to improve environmental protection work. Shui On continuously introduces innovative techniques and measures in water quality control, air pollution control and environmental monitoring and actively adopted green innovative designs for the conservation of the environment. From planning, designing to building, Shui On plans in every single detail which aims at conforming to environmental protection standard and pursuing sustainability in its operations.

Other than practices applied at sites, Shui On actively engages in raising the community and employee awareness of environmental protection, and conducts a variety of campaigns to promote a green lifestyle, including organising drawing competitions, sapling planting campaign, eco-tour, green talks and collecting recyclable materials.

SOCAM's Construction Division received a total of four awards – silver award for the public rental housing development at Kwai Luen Road, and certificates of merit for the design and construction of Customs and Excise Department headquarters building at Tin Chiu Street, North Point, the construction of Tseung Kwan O Area 73B, and outline agreement (2008-2010) for design and construction of minor building/civil engineering works at CLP Power's premises.

The Hong Kong Awards for Environmental Excellence Award Presentation Ceremony was held on 12 May 2010 in Hong Kong
